DID YOU KNOW?

A recent study showed that only 18% of women presenting for assistance in achieving pregnancy had knowledge of their signs and symptoms of the window of fertility.

OPPORTUNITY

We will help to maximise your capacity to assist women in monitoring the unique phases of their cycle using an empirical method.

This seminar will help you optimise your patient's chance of pregnancy before intervention.

Participants: All Women's Health Professionals

Presented by: The Ovulation Method Research and Reference Centre of Australia Ltd

Date: Friday, 12th April, 2013

Time: 1.30pm - 5.00pm

Venue: Hotel Grand Chancellor
Cnr Surfers Paradise Blvd & Hanlan Street
Surfers Paradise QLD 4217

Cost: $40 or $25 (Student) including refreshments

Includes: Full seminar kit with booklets, CD, pamphlets and reference material.

PRESENTERS

Michele Lando is a Senior Teacher of the Billings Ovulation Method™ and is very enthusiastic about offering this information to all women. As the area co-ordinator for Northern Queensland she conducts in-services for Billings Ovulation Method™ teachers and has been involved in working with Health Professionals in Adelaide and Queensland. Michele has extensive experience in teaching women and couples to recognize and understand their symptoms for fertility and infertility and has taught fertility awareness to adolescents in schools from Townsville to Charters Towers.

Catherine Magner has worked as a Midwife and Neonatal paediatrics Nurse in Queensland, New South Wales and Victoria. Catherine has been an accredited Billings Ovulation Method Teacher since 1996 and has helped many women and couples to understand their fertility through individual instruction. She has also been a speaker to many groups including Breastfeeding Association, Playgroup Regional Conference, Mums and Bubs Group of the Natural Birth Centre, school groups and youth groups. Since 2009 Catherine has been presenting information on fertility to Naturopathy students at Southern Cross University, Lismore.

A newly published paper by the late Emeritus Professor James B Brown on his study of the ovarian variants of the Continuum of Ovarian Activity is available through Human Reproduction Update at Oxford Journals (http://goo.gl/FJw6b)

PROGRAM

Date: Friday 12th April, 2013

Venue: Hotel Grand Chancellor Surfers Paradise
Cnr Surfers paradise Blvd and Hanlan Street
Surfers Paradise QLD 4217

1.30pm Registrations—Tea/Coffee

1.45pm Introduction—Learning Objectives

1.50pm Exploring the Science: Significance of Hormonal/Cervical/Vaginal Changes in Understanding Fertility. *Overview of scientific understanding of the events in the ovarian cycle. Including the work of Emeritus James B Brown, Melb and Professor Erik Odeblad, Umea Sweden.*

2.20pm Applying the Science: Fertility and Infertility in the Ovarian Cycle. *Interactive session in which a woman's charted record will be used to identify fertility and infertility and correlated with the circulating ovarian hormones and cervical responses. Guidelines will be provided to best assist a couple toward their fertility objectives of either achieving or avoiding a pregnancy via this natural alternative.*

3.15pm Refreshments

3.30pm Further Applications: Menarche to Menopause—Life-stages and Fertility
Case studies showing the variations in ovarian activity at different stages of reproductive life as well as symptoms indicating ovarian dysfunction requiring medical investigation. The diagnostic benefits of keeping an accurate chart of vulval symptoms will be demonstrated.

4.45pm Evaluation and discussion

5.00pm Finish
