DID YOU KNOW?

A recent study showed that only 18% of women presenting for assistance in achieving pregnancy had knowledge of their signs and symptoms of the window of fertility.

OPPORTUNITY

We will help to maximise your capacity to assist women in monitoring the unique phases of their cycle using an empirical method.

This seminar will help you optimise your patient's chance of pregnancy before intervention.

Participants: Doctors and all Women's Health Professionals

Presented by: The Ovulation Method Research and Reference Centre of Australia Ltd

Date: Saturday, 24th August, 2013

Time: 9.15am - 4.30pm

Venue: Novotel Melbourne, Glen Waverley
285 Springvale Road,
Glen Waverley, VIC 3150

Cost: $80
Includes full seminar kit with booklets, CD, pamphlets and reference material.

Full lunch and refreshments.

REGISTER EARLY

a Predisposing Activity is required for points

"This is knowledge of her body that every woman ought to have."

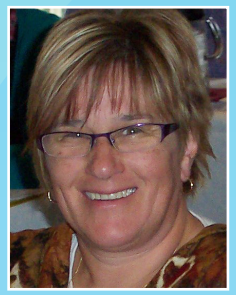
PRESENTERS



Gillian Barker is a Senior Teacher of the Billings Ovulation Method™ who has been involved in the training of doctors, health professionals and teachers of the Billings Ovulation Method™ in China, Pakistan, Vietnam, USA and Australia.

Gillian has made a very substantial contribution to the scientific validation of the Billings Ovulation Method™ as collaborator with Emeritus Professor James B Brown in the study of ovarian hormones. She is currently employed by the University of Queensland, as a Senior Research Officer at the Mercy Perinatal Research Centre.

Lynne Anderson is an accredited Teacher of the Billings Ovulation Method™ with extensive experience of teaching couples to understand their patterns of fertility. She has been convenor of a program of fertility awareness for adolescents for the past 20 years. She is involved in the training of Australian teachers as well as presenting training for Billings Ovulation Method™ Teachers in the Philippines and Malaysia and has presented Continuing Professional Development Programs for OMR&RCA's program with Health Professionals.

A newly published paper by the late Emeritus Professor James B Brown on his study of the ovarian variants of the Continuum of Ovarian Activity is available through Human Reproduction Update at Oxford Journals (http://goo.gl/FJw6b)
