DID YOU KNOW?

A recent study showed that only 18% of women presenting for assistance in achieving pregnancy had knowledge of their signs and symptoms of the window of fertility.

OPPORTUNITY

We will help to maximise your capacity to assist women in monitoring the unique phases of their cycle using an empirical method.

This seminar will help you optimise your patient's chance of pregnancy before intervention.

Participants: All Women's Health Professionals

Presented by: The Ovulation Method Research and Reference Centre of Australia Ltd

Date: Tuesday, 19th November, 2013

Time: 6.00pm - 9.30pm

Venue: Thebarton Community Centre cnr Ashwin Pde & South Road, Torrensville SA 5031

Cost: $40 or $25 (Student) including light supper

Includes: Full seminar kit with booklets, CD, pamphlets and reference material.

PRESENTERS

Bernadette Davies is a trained physiotherapist and is a Senior Teacher of the Billings Ovulation Method™ with over 20 years of experience teaching this Method in Adelaide. In 1998 she completed a certificate in the "Biology of the Cervix" with Prof Eric Odeblad from the University of Umea, Sweden. Bernadette is responsible for the training of teachers in South Australia and has presented Billings Ovulation Method™ Teacher Training programs throughout Australia, Hong Kong and Viet Nam and is a tutor with the Billings Ovulation Method™ Teacher Training Correspondence Course. Bernadette is an Education Activity Representative of the RACGP QI&CPD Program.

Lucia Snelling graduated from Flinders University with a Bachelor of Arts Degree in 1993. She is a Senior Billings Ovulation Method™ teacher with over 10 years of experience teaching couples in Adelaide. Lucia has assisted with the training of Billings Ovulation Method™ teachers and the presentation of seminars for health professionals in South Australia for the past 5 years.

A newly published paper by the late Emeritus Professor James B Brown on his study of the ovarian variants of the Continuum of Ovarian Activity is available through Human Reproduction Update at Oxford Journals (http://goo.gl/FJw6b)

PROGRAM

Date: Tuesday 19th November, 2013

Venue: Thebarton Community Centre
cnr Ashwin Parade and South Road,
Torrensville SA 5031

6.00pm Registrations—Tea/Coffee

6.15pm Introduction—Learning Objectives

6.20pm Exploring the Science: Significance of Hormonal/Cervical/Vaginal Changes in Understanding Fertility. *Overview of scientific understanding of the events in the ovarian cycle. Including the work of Emeritus James B Brown, Melb and Professor Erik Odeblad, Umea Sweden.*

6.50pm Applying the Science: Fertility and Infertility in the Ovarian Cycle. *Interactive session in which a woman's charted record will be used to identify fertility and infertility and correlated with the circulating ovarian hormones and cervical responses. Guidelines will be provided to best assist a couple toward their fertility objectives of either achieving or avoiding a pregnancy via this natural alternative.*

7.45pm Light Supper

8.15pm Further Applications: Menarche to Menopause—Life-stages and Fertility
Case studies showing the variations in ovarian activity at different stages of reproductive life as well as symptoms indicating ovarian dysfunction requiring medical investigation. The diagnostic benefits of keeping an accurate chart of vulval symptoms will be demonstrated.

9.15pm Evaluation and discussion

9.30pm Finish

Registration

19th November 2013 - Torrensville, SA
