DID YOU KNOW?

A recent study showed that only 18% of women presenting for assistance in achieving pregnancy had knowledge of their signs and symptoms of the window of fertility.

OPPORTUNITY

We will help to maximise your capacity to assist women in monitoring the unique phases of their cycle using an empirical method.

This ALM will help you to optimise your patient's ability to understand her cycle and to monitor her reproductive health.

Participants: Doctors and all Women's Health Professionals

Presented by: The Ovulation Method Research and Reference Centre of Australia Ltd

Date: Saturday, 14th June, 2014

Time: 9.15am - 4.30pm

Venue: Novotel Melbourne, Glen Waverley
285 Springvale Road,
Glen Waverley, VIC 3150

Cost: $100
Includes full seminar kit with booklets, CD, pamphlets and reference material.

Full lunch and refreshments.

PRESENTERS

Marian Corkill is a Senior Teacher of the Billings Ovulation Method™ and has extensive experience in teaching and training. She has been teaching women to understand the symptoms of their fertility for over 30 years. She is involved in on-going training of Billings Ovulation Method™ teachers throughout Australia as well as working with teachers and health professionals in 20 overseas countries. Marian is an Education Activity Representative of the RACGP QI&CPD Program.

Kerry Bourke is the Executive Officer and Director of the Ovulation Method Research & Reference Centre of Australia Ltd and is a Senior Teacher of the Billings Ovulation Method™ in Melbourne. She has devoted much energy into helping couples manage their fertility naturally. Kerry is actively involved in the training of teachers in Australia and has also been involved in training teachers of the Billings Ovulation Method™ in China, Indonesia, Malaysia and Timor Leste. She is an experienced presenter of OMR&RCA's Continuing Professional Development Programs on Fertility.

Published paper by the late Emeritus Professor James B Brown on his study of the ovarian variants of the Continuum of Ovarian Activity is available through Human Reproduction Update at Oxford Journals (http://goo.gl/FJw6b)
